

HUSKER HARVEST DAYS '06 – GRAND ISLAND, NEBRASKA

The annual Husker Harvest Days show was held in Grand Island, Nebraska, September 12-14, 2006. American Soil Technologies, Inc. and its dealer, Gigot Aqua Solutions exhibited at the show.

American Soil salesperson, Tom Edwards, attended the event. "There was an extremely good turn out," says Tom. "We were busy all the time. We had a lot of people coming by the booth, wanting to know more about our Sircle Saver Sack product, as well as asking questions about water penetration and preserving moisture. Husker is always a good show."
